IFSC Code: CNRB0005109

Branch Name: Kadaganchi Branch,

Central University Campus

Accommodation:

The Participants should make their own arrangement for travel and accommodation, however on prior request of participants accommodation may be arranged with extra Payment. Limited slots available on sharing basis.

How to Reach CUK

Kalaburagi (formerly known as Gulbarga) is accessible by airways, railways and roadways from all parts of India. Nearest international airport to Gulbarga is located in Hyderabad, at a distance of nearly 230 km from Kalaburagi. The city is well connected with all major cities of India like Bangalore, Hyderabad and Chennai through number of regular trains. Buses also operate regularly between Kalaburagi and cities like Bangalore, Hyderabad and Mumbai.

The safest and faster way to reach CUK is by KSRTC bus from Kalaburagi Central Bus Stand. The Central Bus Stand is easily accessible by city buses plying frequently or by auto-rickshaws. The buses going to Aland and Solapur (usually found in platform 10 at Central Bus Stand) will stop at the CUK Campus, Kadaganchi.

Two Day National Seminar
On
Skill Development and
Entrepreneurship: Challenges and
Opportunities

August 28-29, 2017

Organized by
Skill Development Cell
Central University of Karnataka

Central University of Karnataka

The Central University of Karnataka (CUK) has been established by an Act of the Parliament (No. 3 of 2009) at Kalaburagi, Karnataka. It is one of the 16 Central Universities established by the Government of India during the UGC XI Plan Period to address the concerns of 'equity and access' and to increase the access to quality higher education by people in less educationally developed districts which have a Graduate Enrolment Ratio of less than the national average of 11%.

The CUK, with its territorial jurisdiction all over Karnataka has been initiated its activities from the academic year beginning August 2009 in keeping with the philosophy of achieving and maintaining the highest levels of academic excellence, sensitivity to equity and access in enrolment and recruitment and emerging as a premier national educational and research institution in the country.

The University has 654 acres campus, situated near Kadaganchi village in the district of Kalaburagi, Karnataka State (30 km from Kalaburagi city towards Solapur). The main objective of the University is integrating the components of Teaching, Research, Innovation, Training and Skill Development (TRI-TSD) with an aspiration to excel in dual degree, post graduate and doctoral programs. The University offers the programs in following five dominant areas: Arts, Humanities, Management, Sciences, and Engineering. Currently the University is running 16 Departments spread in 8 Schools and 1 Centre, and offering 9 Dual degree programs, 15 Master degree programs, 16 Research (PhD) programs.

Skill Development Cell

In order to facilitate offering of nationally standardized skill related programmes, the Government of India has notified the National Skills Qualifications Framework (NSQF) on 27th December 2013. It is a nationally integrated education and competency-based skill framework which provides for multiple pathways, both within vocational education and between general and vocational education, to link one level of learning to another higher level and enables learners to progress to higher levels from any starting point in the education and / or skill system. It permits individuals to accumulate their knowledge and skills and convert them, through testing and certification by the competent authorities, into higher level of certification which could be a certificate, diploma, advanced diploma, a degree or a PG diploma in common parlance and B.Voc courses. The Central University of Karnataka started its Community college activities in 2013. In 2015, the Community College and B.Voc courses are brought under Skill Development Cell at CUK for better coordination. The following courses are offered at present:-

1. UGC Community College-Diploma in Tool Engineering
2. B.Voc in Horticulture (Food Processing)
3. B.Voc in Sugar Technology

National Seminar

It has been a long felt necessity to align higher education with the emerging needs of the economy so as to ensure that the graduates of higher education system have adequate knowledge and skills for employment and entrepreneurship. The higher education system has to incorporate the requirements of various industries in its curriculum,

in an innovative and flexible manner to produce holistic and well groomed graduates.

Skill development has become vital for sustainable economic growth, especially for nations like India. The emergence of new technologies and innovations around the world has made it imperative for the governments to prioritize skill development to respond to the constantly changing dynamics of the world. The formation of the National Skill Development Mission by the Government of India has brought into sharp focus the need to re-examine skill development in all the fields.

This conference is aimed at investigating how skill development enhances the opportunities in various fields and the measures required for this. The entrepreneurship is the need of the hour. The youth should become job providers rather than job seekers. In this context the necessary skills that can be integrated in each area, needs to be explored. It endeavours to broaden the understanding of the role of skill and its relevance to youth development. The conference will be an attempt to discuss various issues from the Indian as well as global perspectives and to deliberate over the opportunities, challenges, and solutions.

Sub themes

- Skill development: Needs, challenges, and opportunities
- Skill development for inclusive and sustainable development
- Community colleges for skill development
- Innovation in Agriculture and allied areas
- Innovation/ Skill Development in Health care
- Innovation/ Skill Development in manufacturing
