

Dr. S. Jeyavel, has earned PhD degree on his research titled “Promoting Self-regulated learning among adolescents” from VMS University, year 2010. He was a practicing psychologist at Madurai since 2009. As an Educational Psychologist, he has specialized to work with children, their learning & development with the aim of bringing positive change in their life. He also involved in children’s assessment, solving academic problems, counselling, remedial assistance, research and training. He has presented many papers in national and international conferences on cognitive styles, goal orientation and self-regulated learning. He has conducted many training programs to school students, teachers, parents and NGO Volunteers. He has coordinated the Institute of Distance Education, personal contact program of Madras University, from 2006 to 2012.

He also insists that Learning is a continuous and life long process. If every one masters the skill of learning, they could get maximum benefit from their learning. As the words of Ella Fitzgerald “It isn’t where you come from, it’s where you’re going that counts” his works focus on the path of moulding students as self-regulated learners.

SCIENTIFIC PRESENTATIONS

1. “*Exploring Active Procrastination of PUC students in relation to their self-regulated learning*” has been presented in 28th International Congress of Applied Psychology (ICAP) held in Paris, from 8-13 of July in 2014 at *Palais des Congress, 2 place de la Porte Maillot - 75017 Paris, FRANCE*.
