8 responses

Rate the proficiency of our graduates to adapt to industry requirements

8 responses

The curriculum facilitates an overall holistic development of the student?

8 responses

Suggest your views on the inclusion of new programmes/ courses/ content in syllabus and any other comments:

Introducing interdisciplinary courses like Cognitive Science, Sustainability Studies, and Data Science, along with vocational programs in agri-business, e-commerce, and hospitality, can enhance educational impact. Updating syllabi with regional, industry-aligned, and global content will ensure relevance. Holistic initiatives, including life skills training, civic education, and entrepreneurship labs, can foster well-rounded graduates. Embracing hybrid learning, Open Educational Resources, and assistive technologies will enhance accessibility. Strengthening research, faculty development, and community engagement will position the institution as a leader in progressive and inclusive education.
