Very good kind hearted professors who help us through any existential crisis

Thank you

It can be much better in every aspects...

..

I Would like to say that the geological field trip , field exposure should be twice a academic year sponsored by department

Don't Target the students and don't fail the students intentionally.

Classes are good college is nice bus service or shuttle services from the boys hostel may be improved considering the heat in the summer season and the intensity of the sun,more field trips regarding the subject is felt wanted it would also be good if the authorities can put a filter,camera,wifi in krishna hostel some of the students are having a tough time even calling there parents in krishna hostel due to range issues that's all thank you for considering our openions

Should repair washrooms, clean drinking water facility

Over all is very good

Mess facilities should be improved

Try to limit 2 PG students in a room. Use dormitory system for UG students. Separate hostels for science PG students and PhD scholars

Please arrange wifi in the new ug girls hostel, even our phone network doesn't work inside the hostel, we're unable to study without proper internet , it is hard to even get connected with our parents because of the lack of network and hence internet

..

Atleast look into these feedback and try making some changes. Rather than just sending this and making us fill.

there is no internet in the ganga hostel

Good

We are first sem students so we havent got the oppurtunity to be in the classes of all teachers only rk sir and atulya mam from our dept takes our classes but yeah rk sir teaches very excellent and in very simple language and through examples...

Network ranging inside the lecture halls are weak.. Please kindly try to fix them, we would be grateful fix the

More facilities needed in hostel

Better if they provide practical experience instead of just giving lectures

Needed the technical knowledge for the student in the present Societal condition upon the job , which could be done in an special manner with a additional facility with proper development upon the technical aspects of the department

None

Ntg

My department always Promoting to Educating students for their knowledge and well-being

Improve quality of Food
