

NEP 2020: Best Practices adopted for the Effective Implementation of the National Education Policy in Higher Education Institutions

The Central University of Karnataka is effectively working on many initiatives under the umbrella of NEP 2020. The university has been carrying out many best practices such as; understanding NEP, awareness programs, inclusive education, curriculum reform, monitoring and feedback from the students in implementing the NEP 2020. The University has held a variety of awareness campaigns and meetings to raise NEP awareness among various stakeholders and encourages active participation from stakeholders to enable optimal implementation. The university is dedicated to achieve academic success by maintaining high standards in teaching and research.

The curriculum has been reformed as per the NEP principles and objectives by various departments of the university. The university has established a mechanism for assessing progress of the implementation by soliciting stakeholder feedback. The feedback is useful to reform curriculum which results in implementing best learning strategies and effective teaching. The University is working to prioritize student needs, goals, and feedback while developing and delivering educational programs and services. The university has made the essential investments in the resources, technology, and infrastructure needed to facilitate the NEP's implementation. Thus, enabling improved teaching, learning, and research, practices by virtue of infrastructure facilities such as; modernizing buildings, classrooms, laboratories and libraries etc. The university is actively engaged with different stakeholders to sensitise and involve partnerships with industry, non-profit organizations, and the public to address community needs, promote economic development, and enhance the quality of life. The best practices involve providing a high-quality education and preparing them to excel in their chosen careers.
